

# SHIFT ZIP

## modRIDE MIDSOLE TECHNOLOGY

SHIFT ZIP is a low-cut hiker style lace-up ankle boot with an industrial grade zipper, so you don't have to worry about tying up laces every day. A popular 100% comfortable choice for warehouse staff, construction and courier drivers. The boot also includes a heat resistant TPU outsole to 150°C (300°F ) and features ballistic nylon in the upper for improved breathability.

decoupleGROOVE provides flexibility and improves adaptation

asymBEVEL heel for a smoother ride while walking

Soft structured low cut hiker style for comfort

Premium Nubuck Leather upper

PU midsole for high rebound, comfort, and dedicated support zones around the heel and ball of the foot.

New technology ModRIDE midsole modulates cushioning & stability

STEEL Toecap

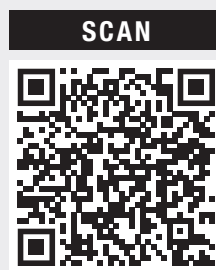

Integrated bumper cap for longevity

ADAPTruss design provides midfoot support & stability

## SAFETY FEATURES

- Steel Toe Cap
- Heat Resistant  
150°C / 300°F
- Fuel Oil Resist
- Anti-static
- H<sub>2</sub>O Resistant
- Scuff Cap
- Zip Closure

## PERFORMANCE SYSTEMS

**decoupleGROOVE™**

Offset flex groove design along the length of the sole to provide flexibility to allow a smooth transition from initial contact to foot flat and improve terrain adaption.

**ADAPTruss**

Unique ADAPTruss design provides torsional rigidity, which supports midfoot stability on uneven environments throughout the natural walking gait.

**asymBEVEL™**

Heel shaped to match the natural heel strike position during walking to maximize contact area and provide a smooth ride.

Wide anatomical shaped toecap to reduce rubbing and nerve impingement.

LATERAL SIDE

Compression waffle zone for cushioning at heel strike.

**MEDIAL SIDE**

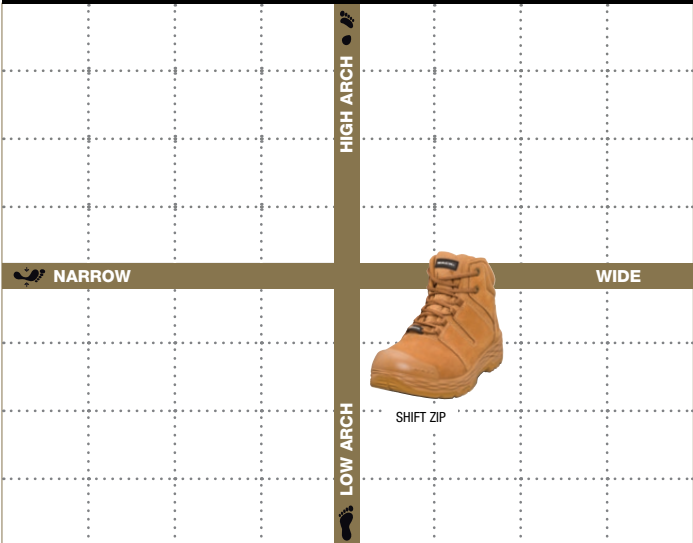

Stability waffle zone, added stiffness for a supportive walking gate.

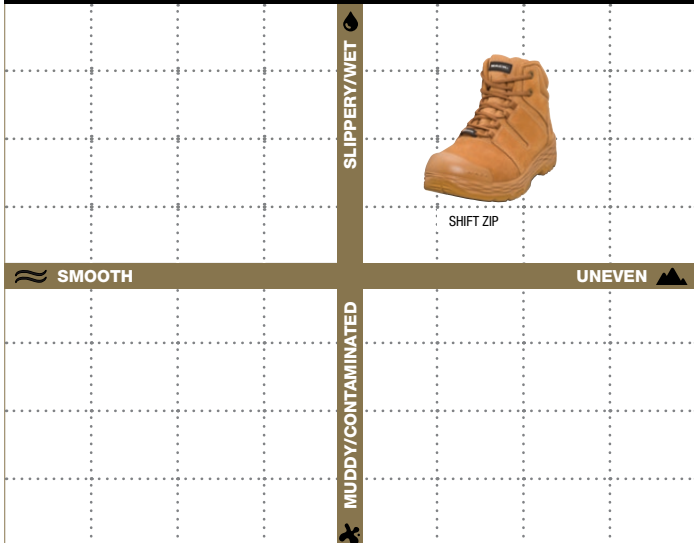

**BASED ON  
RUNNING SHOE  
TECHNOLOGY**  
For all day comfort,  
durability and  
fatigue reduction
