

NINJA HPT™ GripX HV

Superior Grip and Dexterity

DESCRIPTION

Ninja® HPT™ GripX HV is the most lightweight multipurpose glove based on Ninja's HPT™ Technology. It provides superior grip and dexterity in wet, dry and oily conditions. Ninja® HPT™ GripX HV has high visibility.

FEATURES

- **COATING** – Proprietary HPT™ coating
- **SUPERIOR GRIP** – Soft, durable and flexible micro-foam coating with a non-slip surface that repels liquid to provide the highest level of wet, oily and dry grip
- **VIBRATION ABSORPTION** – Encapsulated air pockets absorb and mitigate the effects of light vibrations before it reaches the hands
- **COMFORT** – Highly flexible coating and breathable nylon liner offers all-day comfort
- **HI-VIZ COLOUR** – Has good visibility and appearance

GRIPSMART

This is the art of providing outstanding grip to Ninja® gloves in dry, wet and oily conditions.

PROPRIETARY TECHNOLOGY

HPT™ - Superior Grip and Dexterity

The Hydropellent Technology (HPT™) is a unique proprietary coating that repels liquid and provides excellent grip in wet, dry and oily conditions. The HPT™ offers secure handling gloves that are lightweight, have superior grip and dexterity, whilst being supremely comfortable. Further, this unique coating has “encapsulated air pockets” which absorb and mitigate the effects of light vibrations.
